

## Internship opportunities Applyifi.com

**Position Title:** Invest relationship catalyst

**Location:** Bangalore (You can work out of home... but meet up the core team twice a week)

### **Company Overview:**

Applyifi is an online platform that converts startup applications into an elegant online pitch deck, and provides startups and investors a 36-point scorecard and assessment report on the startup's investment worthiness.

Applyifi also manages the Applyifi Angel Investor Network which empowers senior professionals and experienced entrepreneurs to become angel investors.

### **Position Overview:**

We are seeking dynamic, out-going, confident individuals to help us manage our investment engagement program. You will have an opportunity to be involved with investor outreach, investor communication, and investor on-boarding.

While you will get a ringside view of how things work on startup-investor engagements you should be as enthusiastic about mundane stuff like managing database, follow-ups, administrative support, etc.

You will report directly to a company founder and will receive hands on mentorship. We guarantee you that you will learn a lot on the assignment.

### **Who should apply:**

- This will be an ideal internship opportunity for aspiring entrepreneurs. I.e. those who wish to startup on their own some day.
- Enthusiastic, ability to multi-task, organized, cheerful, etc. are qualities that we value.

**Salary:** Stipend for interns

**Hours:** We have openings for full-time and part-time
